

Rebate Application Form

MINI-SPLIT HEAT PUMP

\$225
REBATE

Enhanced income-based rebates

Households at 0%–250% of the federal poverty level (FPL) are eligible for a **\$350** rebate. Households at 0%–200% may qualify for free **WRAP assessment**.

The FPL is calculated based on household size and income.

Check this box if you qualify based on the following household income table.

People per household	Enhanced rebates	WRAP assessments
1	Up to \$39,900	Up to \$23,940
2	Up to \$54,100	Up to \$32,460
3	Up to \$68,300	Up to \$40,980
4	Up to \$82,500	Up to \$49,500
5	Up to \$96,700	Up to \$58,020
6 +	+ \$14,200/ person	+ \$8,520/ person

FPL guidelines are updated annually by the Department of Health and Human Services. These values reflect 2026 income levels and will be updated annually.

Bonus rebate

Receive a **\$350 bonus** by completing three or more qualifying projects.

INSULATION AND AIR SEALING: Air Sealing, Attic Insulation, Basement Wall Insulation, Exterior Wall Insulation, Rim Joist Insulation

EFFICIENT EQUIPMENT: Air-Source Heat Pump, Central A/C, Ground-Source Heat Pump, Heat Pump Water Heater, Mini-Split Heat Pump, Solar Water Heater

Offer valid for households at 0%–250% FPL. Complete projects within a rolling one-year period. At least one insulation or air sealing project is required.

Customer information

**Indicates required field*

*PPL Electric Utilities 10-Digit Account # _____

*First Name

*Last Name

*What type of home do you live in?

A multifamily building has three or more individual residential-use units. Rowhomes/townhouses and duplexes with two units are not considered multifamily.

Single Family Multifamily Other

Product information

Product eligibility	<ul style="list-style-type: none"> Heat pump must be ENERGY STAR® certified. Rebates not available for new construction. Confirm product eligibility by visiting the ENERGY STAR certified heat pump page at energystar.gov/productfinder/product/certified-heat-pumps. Eligible systems must be rated in the AHRI variable-speed mini-split and multi-split heat pump database. AHRI certificates for eligible HVAC systems must include all components: indoor coils, outdoor coils, furnaces, etc. AHRI ratings for individual components of a system will not be considered valid. Your contractor should be able to help you obtain the AHRI certificate number to complete this form. If the account is a business, you may be required to provide business type, tax status and W-9. Heat pump must have a capacity < 65 kBTU/hr. Equipment already rebated via midstream or instant discount channel does not qualify for additional incentives.
