

Rebate Application Form

MINI-SPLIT HEAT PUMP

Enhanced income-based rebates

Households at 0%–250% of the federal poverty level (FPL) are eligible for a **\$350** rebate. Households at 0%–200% may qualify for a free [WRAP assessment](#).

The FPL is calculated based on household size and income.

☐ Check this box if you qualify based on the following household income table.

People per household	Enhanced rebates	WRAP assessments
1	Up to \$39,900	Up to \$31,920
2	Up to \$54,100	Up to \$43,280
3	Up to \$68,300	Up to \$54,640
4	Up to \$82,500	Up to \$66,000
5	Up to \$96,700	Up to \$77,360
6 +	+ \$14,200/ person	+ \$11,360/ person

FPL guidelines are updated annually by the Department of Health and Human Services. These values reflect 2026 income levels and will be updated annually.

Bonus rebate

Receive a **\$350 bonus** by completing three or more qualifying projects.

INSULATION AND AIR SEALING: Air Sealing, Attic Insulation, Basement Wall Insulation, Exterior Wall Insulation, Rim Joist Insulation

EFFICIENT EQUIPMENT: Air-Source Heat Pump, Central A/C, Ground-Source Heat Pump, Heat Pump Water Heater, Mini-Split Heat Pump, Solar Water Heater

Offer valid for households at 0%–250% FPL. Complete projects within a rolling one-year period. At least one insulation or air sealing project is required.

A multifamily building has three or more individual residential-use units. Rowhomes/townhouses and duplexes with two units are not considered multifamily.

☐ Single Family ☐ Multifamily ☐ Other

\$225
REBATE

Product information

Product eligibility	- Heat pump must be ENERGY STAR® certified. - Rebates are not available for new construction. - Confirm product eligibility by visiting the ENERGY STAR certified heat pump page at energystar.gov/productfinder/product/certified-heat-pumps. - Eligible systems must be rated in the AHRI variable-speed mini-split and multi-split heat pump database. AHRI certificates for eligible HVAC systems must include all components: indoor coils, outdoor coils, furnaces, etc. AHRI ratings for individual components of a system will not be considered valid. Your contractor should be able to help you obtain the AHRI certificate number to complete this form. If the account is a business, you may be required to provide business type, tax status and W-9. - Heat pump must have a capacity < 65 kBTU/hr. - Equipment already rebated via midstream or instant discount channel does not qualify for additional incentives.
